RE: Westminster School District RFQ, Construction Management

Dear Mr. Fiolka,

The Huntington Beach Union High School District has enjoyed working with the Day Construction team on three completed modernization and expansion projects, totaling approximately \$60 million dollars. We currently have an additional project in progress with a contract value of approximately \$15 million. The Day Construction organization has consistently demonstrated their commitment to the success of each project by their attention to detail on all phases that includes; schedules, quality control, communication, administration and document close outs.

Several areas that make Day Construction unique as a general contractor are: (1) Their ability to be proactive in the design of plans, work-out solutions that will meet recent code requirements and also, economically feasible for the district. (2) Day Construction will not look for additional work for the purpose of adding additional costs to the project. (3) They are very proactive in the supervision and the enforcement of the quality of work from their sub-contractors and they have met deadlines on all of their projects and at times completed early. (4) Lastly, Day Construction has always been and will continue to be the go-to-general contractor for this district. They have always been extremely professional, fair, willing to work with their clients, and have always remedied the sub-standard performance by their subcontractors. Day Construction has always met their contracted timelines.

I look forward to our continued relationship with Day construction and welcome you to contact me if I may be of further assistance. I can be contacted at (714) 903-7000, x4380 or ncayabyab@hbuhdsd.org.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nelson Cayabyab".

Nelson Cayabyab
Chief Facilities Official
Huntington Beach Union High School District

Our mission is to educate all students, responding to their diverse needs, using a challenging curriculum with multiple avenues of learning, to develop creative, responsible and productive members of our community.
