To Whom It May Concern:

It is with pleasure that I write this letter of reference for Day Construction Company. The District's work with Day Construction has spanned over the past six years with new construction and modernization projects and has been very successful from the District's point of view. Day Construction demonstrated their expertise at all levels of service. They provided solutions to assist in cost savings, utilize quality sub-contractors and develop/maintain schedules to accommodate staff, student and school site schedules. They have completed all necessary requirements, as needed, for school completions and submittal requirements.

In the District's effort to develop many needed construction and modernization projects at several school sites, Day Construction had built several two-story classroom buildings, modernized four school sites and is currently completing the District's major project at the high school's new athletic complex. We feel confident that Day Construction will do an outstanding job to help your District meet your challenges as they have done for ours.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael P. Bishop, Sr.", with a large, stylized flourish at the end.
