To Whom It May Concern:

Please accept this letter as my highest recommendation of the construction firm, Day Construction Company. I have had the opportunity to work with Day Construction over the past six years through a variety of new construction and modernization projects, valuing their work over \$27 million as general contractor within the Paramount Unified School District.

Day Construction has demonstrated a professional and ethical caliber during this time. The firm has built several expansion two-story classroom buildings, modernized four major school sites and performed a variety of major site work on each campus. Currently, Day Construction is completing a major high school athletic complex for the District with a new synthetic football field and all weather track, 6000 bleacher seating, restroom/storage buildings, and a new state-of-the-art baseball field.

Utilizing quality sub-contractors has proved to be a definite strength of Day Construction. Schedules have been maintained and all projects have been completed on time. Safety has been regarded as top priority by all and an extreme regard for student and staff safety has been evident at all times. Day Construction has shown their ability to collaborate as team players and have been willing to be flexible with on-site school schedules.

Understanding that it takes highly qualified personnel to maintain good relationships, Day Construction has provided exceptional staff that stay involved and accessible throughout a project.

Day Construction is truly a firm that Paramount Unified School District will want to continue to work with in the future.

If you need further information, please call.

Sincerely,

Patti Cummings  
Director of Facilities
